Sow.
Nurture.
Thrive.

Dear Student,

The beauty of growth is in the journey, not just the destination; and, there is no limit to what we can achieve when we are committed to growth and self-improvement.

Welcome to IIS (deemed to be University), Jaipur, an institution where excellence is cherished, ambition is pursued, and which offers an exceptional student-experience in a rich and dynamic learning environment.

We believe that education is a journey that enables individuals to explore their true potential and helps them become responsible global citizens. As a thriving academic fraternity, we are committed to creating new knowledge, re-imagining teaching and learning, engaging globally, reinventing the spaces where we live and learn, and - of course - attracting and inspiring the best students and faculty from all over.

We strive to provide a dynamic and innovative learning environment through our distinctive curricula which are informed by courses that challenge pre-conceptions and expand horizons, supplemented by a pedagogical approach that encourages independent critical thinking and analysis, intellectual curiosity, creativity and innovation. Our faculty members are highly experienced and deeply committed to helping students achieve their goals.

Diversity and inclusivity are essential components of growth and progress. In addition to academic excellence, we also believe in providing a supportive and inclusive environment that promotes diversity, equity, and inclusion. We endeavour to create a sense of community among our students and staff, and we encourage everyone to participate in our various cultural, sports, and social activities.

As you embark on this exciting journey at our University, I urge you to take advantage of all the opportunities available to you. Engage with your professors, participate in extracurricular activities, and connect with your fellow-students. Your time here will not only shape your career but also give the much-needed impetus for your personal growth and over-all development. This is a space where the power of community and collaboration will lead to exponential growth and progress. So, with an eye on the future, make your first step towards preparing to be transformed into the best version of yourself.

Encourage.
Empathise.

Evolve.
Enhance.

The Beginning....

On 16 July 1995, an institution with a difference was born in Jaipur. Christened as the 'International College for Girls' (ICG), the college became a Centre of Excellence within a short span of time and began to be considered as one of the most sought after institutions in the state providing excellent ambience, infrastructure and facilities to groom its students as world-ready women. With its focus on the development of a scientific temper and a positive attitude along with an emphasis on Indian culture and heritage, ICG became an icon of quality education. It was accredited A+ by the National Assessment and Accreditation Council (NAAC) of the University Grants Commission (UGC) in the year 2005.

In the year 2007, ICG won the recognition it deserved. The institution was granted an autonomous status by the UGC, reposing trust and confidence in the competence of its faculty, management and students. The conferment of the status of a Model College by the state government and CPE (College with Potential for Excellence) by the UGC, lent further credibility and stature to the college. After a remarkable beginning, ICG thus emerged as a first rate centre of higher education, research and training, dedicated to developing and

disseminating knowledge to benefit society and the world community at large.

In 2009, the Ministry of Human Resource Development (now, Ministry of Education), Government of India, declared ICG as a Deemed-to-be-a-University, in the name and style of IIS (deemed to be University)-(IISU) under Section 3 of the UGC Act, 1956, which was subsequently granted the 12B status by the UGC. Apart from this being a remarkable achievement, it was also a re-affirmation of our faith in the quality of education, innovative ideas and research initiatives. Since then, the University has always aimed at empowering women with a focus on the three Es - Efficiency, Excellence and Effectiveness. The Review Committee constituted by the Ministry of Education, Government of India has also recognised the competence and strength of the institution by placing it amongst the first 38 Deemed-to-be-Universities under Category 'A'. Such a placement in the highest category of assessment, including the subsequent accreditations by NAAC, has accorded greater recognition to IIS (deemed to be University) which, today, has more than 4500 students - drawn from a number of Indian states and union territories and also from abroad - enrolled in various programmes.

WHY IISU ?

Come and take a look for yourself - into the classrooms and the labs. You'll find students reading, studying, discussing, attending lectures and giving presentations. But that's not all. You'll find them working, rolling up their sleeves and getting involved. In a way, you'll find them getting hands-on experience as a vital part of their education. IISU believes that the best way to learn something is to do it; 'learn by doing' is what we call it, 'learn by messing up' is how, sometimes, students put it! No matter what you say, it is one of the many attributes that makes IISU unique in its own right.

A COMPLETE EDUCATION

While we believe in the importance of practical knowledge, we also firmly believe in a complete and rounded education. When you come to this University, you will find that career education is imparted within the framework of a thorough general education. We teach you to think logically, judge critically and communicate clearly. We want you to gain an understanding of other cultures, besides a focused emphasis on our own. It is this kind of broad-based education that helps you rise faster in your chosen field. But, most of all, it helps you grow as a compassionate individual and get more out of life.

Utilising a comprehensive framework that offers a cutting edge in general education, the New Education Policy (NEP) 2020 promotes interdisciplinary studies, including internship-embedded programmes focusing on skill enhancement to bridge the industry-academia gap as well as research and innovation. Together with the flexibility of the Choice-Based Credit System (CBCS), the students are presented with a flexible curriculum that allows for the possibility of choosing courses of their interest, with the goal of becoming entrepreneurs, self-reliant and self-employed. It, therefore, emphasises professional programmes such as B.Sc. in Fashion Design and Jewellery Design & Technology; BBA ; BCA ; BFA ; BPT (Bachelor of Physiotherapy); B. Com. (Hons.) Proficiency in C. A. (Chartered Accounting)/C.S. (Company Secretaryship) / AAF(Applied Accounting & Finance); MBA in International Business, Human Resource Management, Tourism & Travel Management, Advertising and Brand Management, Finance and Retail Management; MSW; MFA; and, MCA. These courses have great potential for jobs in the market and develop the required competencies and skills, enabling students to become successful entrepreneurs.

In this era of globalisation, the University, thus, envisages a holistic education powered by technology, fuelled by information and driven by knowledge. It also offers a two-year trimester based co-educational MBA programme (with dual specialisation in Marketing, Finance, Human Resource, etc.), which is a blend of Indian and international perspectives.

The programmes have been designed to enhance the student's conceptual, analytical, communicative and logical skills. The focus is on development of business analysis, problem-solving and decision-making skills, a positive attitude and enhancement of leadership qualities. The course also provides an opportunity to professionals in government and private sectors to pursue further studies, leading to the degree of Ph.D. in Management.

The University also offers skill based programmes recognised by the UGC under the NSQF scheme and also in keeping with NEP 2020.

LOCATION

The main campus of the University is situated on Gurukul Marg, SFS, Mansarovar, Jaipur 302020 (Rajasthan). It is a peaceful, friendly place with a fine natural environment and conveniently located blocks and buildings. The University also conducts a few programmes on its other campuses.

SPONSOR

The institution is run under IIS (deemed to be University) Trust and is a member of The IIS Group sponsored by the Indian Council for International Amity (ICFIA), a society devoted to the promotion of hobbies, art, culture and education.

THE IIS GROUP

Our other sister institutions are:

INFRASTRUCTURE & FACILITIES

The University with a completely Wi-Fi enabled campus not only offers appropriate and vital facilities and resources for teaching, learning and research but also creates a favourable environment to generate opportunities for engagement, interaction, and inspiration.

Research & Development (R&D) Laboratories

The R&D Labs at the University have been established with the purpose of initiating research in Life Sciences, Physical Sciences, Chemical Science and Home Science, to name a few, and have been recognized under the "Scientific and Industrial Research Organization" (SIRO) scheme of the Department of Scientific and Industrial Research (DSIR), Govt. of India. The labs offer high-end research facilities in the fields of Toxicology, Environmental Monitoring, Animal Cell Culture, Microbiology, Organic Synthesis and Computational Chemistry, Cancer Biology, Nanoscience and Technology, Dielectric Measurement Studies, Computational Physics, Plant Tissue Culture and Food Analysis, among others.

Animal House

A CPCSEA recognized and registered (Registration Number: 1689/PO/Re/S/13/CPSEA) Animal House Facility at the University is available for using animals in experimental research. The facility is available to keep small experimental animals in accordance with the standards established by the Committee for the Purpose of Control and Supervision of Experiments on Animals (CPCSEA), Government of India. The University also has an agreement with M/s Instromedix Private Limited, a CPCB (Central Pollution Control Board) recognised organisation; for proper disposal of used animals.

Video Production Studio

The University has a fully equipped state-of-the-art Video Production Studio. The idea behind setting up this Studio was to facilitate the production of news bulletins, interviews and discussions, for television, by students of Journalism and Mass Communication who use it as a lab for a hands-on learning of the nuances of Video Production. The Studio has a multi camera set-up with two advanced HD video cameras for the purpose of online editing. There are also Apple Macintosh editing systems with Final Cut Pro - editing software for offline editing as well.

Community Radio Station (CRS) FM7

CRS FM 7 is an in-house community radio station, of the students, for the students and by the students of the University and its other educational partners. Initiated, designed and created by the budding talents of The IIS Group, the programmes aim at education through entertainment and entertainment through education and is also used as a laboratory for Radio Programme Production. On air at 90.4 MHz FM, it is an innovative powerhouse for students and staff to learn the nitty gritty of broadcasting, creativity and communication skills.

Library

The University's library is well-stocked and fully computerized. It subscribes to the best of national and international magazines and journals, besides providing rich and varied resources in Humanities, Social Sciences, Fine Arts, Commerce, Management, Physical Sciences as well as Environmental and Life Sciences. Besides this, the University also offers the facility to both its teaching staff and students of an increased access to e-learning resources. In order to encourage the reading habit among all its students, the University has also instituted the 'Best Library User' Award.

To ensure 24x7 easy access from anywhere, the University has launched IISU eLibrary which is available at <https://iisu.refread.com/#/home> as well as mobile app. The digital library has a collection of over 6,00,000+ world class content from ebooks, ejournals, videos, presentations, news-items, etc. on one cloud platform as well as access to almost all the subscribed web resources and ebooks of IISU, previous years question papers and best answer sheets.

Book Bank

In order to reach out to a range of students, the University offers the Book Bank facility on minimal membership charges. It is extended to all, irrespective of their financial background, thereby enabling students to borrow books for an entire semester and retain them during the examination period as well. The facility is presently available for the students from the School of Commerce and the BCA programme, students from the School of Computer Science and Information Technology.

In addition to this, a Books Corner has been set up in the memory of one of our students - Aditi Sanghi - which has a collection of books and a book-shelf donated by her family alongside annual monetary contribution to the University's Central Library

Fitness cum Yoga Centre & Health Club

For providing a perfect blend of physical development with mental and spiritual growth, the University offers a well-equipped, fully air conditioned fitness centre with state-of-the-art facilities for its students and faculty. It runs various fitness training programmes such as cardio strength, weight training, and has a variety of equipment such as Treadmills, Cross Trainers, Recumbent and Upright Bikes, Twister's, Four Station Multi Gym, Aerobic Steppers and Swiss Balls, to name a few. The services of a certified instructor are also available for training and guidance. The University also offers courses in the age-old wellness tradition of Yoga to its students and faculty members, for their overall well-being, besides extending to them the facilities of a Health Club as well.

Hostels

The University has three centrally air-conditioned hostels, 'Aanchal' and 'Vasundhara' and third one at IIS Kshipra path. The University Management strives to ensure quality vegetarian food and a disciplined yet homely environment in the hostels. Availability of seats depend upon the vacancies which vary every year due to varying number of outgoing students. Admission to the hostels is merit-cum- need based, subject to the availability of seats.

Swimming Pool

The University's Swimming Pool is a state-of-the-art outdoor facility and boasts of advanced filtering systems. It is open for all students at nominal charges. There is a trained Coach for those who need swimming lessons.

National Knowledge Network

The University's wifi-enabled campus is part of an active National Knowledge Network (NKN) under the National Mission on Education through Information and Communication Technology of the Govt. of India. The configuration includes NKN and two lease lines of 155 Mbps bandwidth each, with 1 Gbps connectivity, and Tata RF (Radio Frequency) connectivity of 50 Mbps.

On Campus Medical Assistance

The University has the facility of an infirmary on campus. A Homeopathic Physician, a fulltime registered nurse and ambulance service are available during working hours and, after hours, in special cases when emergency assistance is required. The infirmary is equipped with beds for resting, BPL Multiparameter Monitoring System, Pulse Oximeter, Glucometer and Medical Oxygen Cylinders, first aid box, wheel chairs and other resources.

Students and faculty can avail the health care they need with/without an appointment on campus. For cases wherein critical care or management of acute chronic health problems is needed, the University has a tie-up with a reputed local hospital which facilitates easy and quick consultation and treatment, as and when required.

The infirmary staff provides emergency care to all students and faculty members. Apart from this, the infirmary imparts wellness education, organizes preventive health check-ups including vision/hearing/dental health screenings, blood pressure-monitoring as well as regularly motivates students to adopt a healthy lifestyle.

Eateries

Several eating joints have been set up on campus for both students and staff who have the following options to choose from:

- Amul Kiosk
- Café Coffee Day (CCD)
- Planet-J

The Stationery Store

This is a one-stop solution on campus for meeting all the stationery needs of students such as a variety of notebooks, diaries, registers, fancy drawing pens and pencils and coloured card sheets. The services offered also include low cost photocopying, laser printing and spiral binding.

Day Care Centre

The 'Saraswati-Aanchal' Day Care Centre for children of faculty members, as well as married students and scholars, offers a safe and convenient alternative to working mothers for the daily care and supervision of their young children. The Centre aims at providing a safe and congenial environment for toddlers and its timings range from a few hours upto the entire day.

Besides these, the University has an advanced Centre for Information Technology, Audio Visual Rooms and Labs, a Digital Language Lab and Sports Room as part of its on-campus infrastructure.

An Easy Commute

The University arranges for the transportation of its students, to and fro, on payment except during the Semester End Examinations. Its fleet of buses ply to every nook and corner of the city providing an easy and safe commute for the students. The details of the same, in terms of routes and bus numbers, can be looked up in the Academic Handbook.

STATUTORY & OTHER REGULATORY BODIES

In order to ensure that the University functions as a well-oiled machinery and delivers the best of teaching-learning, it has the following bodies constituted for the purpose:

- Board of Management
- Planning and Monitoring Board
- Finance Committee
- Academic Council
- Research Advisory Council - Research & Development Cell
- Sports Board

MEMBERSHIPS

The University is a member of the Association of Indian Universities (AIU, New Delhi) which provides a common platform to all the member-institutions for sharing information, infrastructure and resources amongst its members. This membership benefits IISU in various aspects such as forging national and international linkages; networking and collaborating with other Higher Education Institutions for research, entrepreneurship, sports, youth affairs and cultural activities, besides organising conferences, seminars and workshops.

In addition, IISU has also acquired membership of the ACU (Association of Commonwealth Universities, UK) and AUAP (Association of Universities of Asia and the Pacific, Thailand), which entitles it to avail of opportunities for involvement in academic research and leadership as well as for encouraging the sharing of good practices. Recently, members of the University management have been empanelled on AUAP's Country Chapter Chair Committee and the Research and Innovation Committee, for a period of three years, to increase membership from across the Asia-Pacific region as well as to develop and strengthen research capabilities of member-institutions.

Transform. Triumph.

PEDAGOGY

In addition to classroom teaching, the pedagogy is based on Brainstorming sessions, Power Point Presentations, Quizzes, Group Discussions, Management Games, Field-Visits & Study-Tours, Conferences, Panel Discussions, Workshops, Exhibitions, Case Studies, Academic and Corporate Projects, Laboratory Experiments, Presentations, Demonstrations, Role - Plays, Summer Internships, practical training through Industry Visits and Simulation Exercises, which lead to a vibrant and fulfilling academic experience. In line with the NEP recommendations, the University has made efforts to customize the learning experience for its students and offer greater flexibility to them.

MOOCs

The University has made provision in its regulations to introduce and integrate MOOCs (Massive Open Online Courses) in its curricula through the SWAYAM platform of the Government of India for the benefit of the students of the

University. The courses supplement the teaching-learning process in the University followed by evaluation of learning achieved through periodic tests and end semester exams, concluded by the course coordinator. These are online courses that allow students unrestricted access and participation to any course of their choice from the list of MOOCs uploaded on UGC's website before each semester.

The MOOCs not only include the conventional modes of teaching such as lectures, videos and reading material, but also provide a platform for interactive forums and discussions. The University has developed an ecosystem as per UGC's (Credit Framework for Online Learning Courses through SWAYAM) Regulations, 2016. for integration and transfer of credits earned through online learning courses. Besides this, the students can also enroll in any of the MOOCs for value addition to their education. The enrollment to and learning from these courses involves no cost.

ASSESSMENT & EVALUATION

Students seeking admission to UG, PG, Ph.D., D.Litt. and D.Sc. programmes are enrolled in the University. The UG & PG programmes follow the semester system and the syllabus are credit-based at UG level all the courses are based on choice based credit system. The BPT/MPT programmes are also semester and credit-based but follow the annual scheme of examination. The evaluation scheme of all the above programmes

comprises two components, viz. Continuous Assessment (CA) based on tests, home assignments, quiz, attendance and class activity, and the Semester-End- Examination (SEE). However, the MBA (Dual Degree) programme is trimester- based and, hence, assessed through the CA and Trimester End Examination (TEE). The CA accounts for 30% of the total marks while the SEE/TEE for the remaining 70%, with an exception in the Ph.D. programme's Coursework wherein the weightage of the two components is equal. Both these components are compulsory, and are assessed through a rigorous mechanism adopted by the University. In UG & PG programmes credits assigned to a paper are awarded only after passing both the components- CA and SEE/TEE, while in Ph.D. coursework credits are awarded on the basis of combined performance in CA & SEE. On successful completion of the courses, the Degrees, Certificates and Diplomas are awarded by the University.

CONVOCATION

The University organises a Convocation Ceremony annually to confer degrees on the UG and PG students as well as research scholars of the University who have successfully completed all the requirements of their respective programme/degree. It also felicitates meritorious students with Gold Medals and Endowment Medals. Over the years, several luminaries have graced the occasion as Chief Guest, some of whom are:

- Sh. Soli J. Sorabjee, Former Attorney General of India (2012-13)
- Dr. Anil Kakodkar, Chair Professor, Dept. of Atomic Energy, Mumbai (2013-14)
- Justice R.M. Lodha, Former Chief Justice, Supreme Court of India (2014-15)
- Dr. Subramaniam Swamy, Former Union Minister (2015-16)
- Dr. Devi Shetty, Chairman, Narayana Hrudalaya (2016-17)
- Gen.(Dr.) V.K. Singh, Minister of State for External Affairs (2017-18)
- Mr. Manu Agarwal, CEO, Naaptol (2018-19)
- Justice Dalveer Bhandari, Judge, International Court of Justice, The Hague (2019-20)
- Padma Shri Professor Sukhadeo Thorat, Former Chairman, University Grants Commission, New Delhi & Indian Council of Social Science Research (2020-21)
- Shri Om Birla, Hon'ble Speaker Lok Sabha (2022-23)

RESEARCH

Research at the University is deeply embedded in academics. The University promotes students and faculty members to actively participate in research for intellectual pursuits and creativity. In addition to research projects sanctioned by external funding agencies like ICSSR, DST, UGC, DRDE, DBT, ICMR, ICAR, CURIE Care Grant for Women Universities, etc., the institution promotes research by sanctioning Student Research Projects and granting Research Fellowships to scholar as well as outsourcing funds to selected candidates. The University's research publications further promote quality action-research. The facilities and infrastructure available at the University are continuously strengthened and enriched for the promotion of research activities, year after year. Faculty members, recognised as Research Supervisors, guide quality research in the various disciplines of Science, Commerce, Management, Humanities and Social Sciences. The University also promotes the research endeavours of its faculty members by substantiating their work through grants and subventions, and by awarding Certificates of Appreciation, besides granting Faculty Research Projects to promote research.

The University offers the following research programmes:

- Ph.D
- D.Litt.
- D.Sc.

RESEARCH PUBLICATIONS

The University brings out the following research Journals:

- *Journal of Arts* (ISSN 2319- 5339) - UGC CARE-listed

- *Journal of Social Sciences* (ISSN 2319-2593)
- *Journal of Science & Technology* (ISSN 2319-2607, eISSN 2583-0856)
- *Journal of Commerce & Management* (ISSN 2320- 4907)

OTHER PUBLICATIONS

The University has its own publication wing which regularly brings out news letters, magazines, brochures and bulletins. While *Science Spectrum* is a publication consisting of general articles that are scientific in nature, *Youthspeak* is the University's newsletter for the purpose of giving a platform to the budding journalists to publish their work. *L-Link* is a creative magazine featuring self-composed stories and poems, contributed both by students

and teachers, in English, Hindi, French, German, and contains original artwork as well. The University publishes a fortnightly newsletter, *CampuScope*, which carries write-ups on activities such as seminars, workshops, guest lectures, poster- displays, awards, exhibitions, etc. held on campus. The University has also launched yet another publication entitled *Research Scope* – a quarterly magazine giving a round-up of the research-based activities along with detailed features of innovations and information on upcoming conferences and research-related opportunities.

COMMITTEES

DRC/RAC

Departmental Research Committees (DRCs) and Research Advisory

Committees (RACs) have also been constituted in all departments with research programmes, to supervise the quality of research, approve research proposals and monitor the mid-term/annual progress of the research scholars.

Internal Complaints Committee (Committee Against Sexual Harassment)

A committee against sexual harassment constituted by the University works in accordance with the Vishakha Guidelines (1997), laid down by the Hon'ble Supreme Court. It aims at creating awareness in the students about sexual harassment and empowers them to raise their voice against it and takes appropriate action towards the same.

Grievance Appeal Committee

The Committee takes care of grievances of both the students and the staff. Efforts are made to redress the problems within the given parameters, time frame and resources. There is a well-defined mechanism in place and the details of which are available on the University website, as per UGC norms - to improve upon any systemic shortcomings and/or general grievances of the stakeholders. Suggestion and Grievance boxes are installed on campus in which the students and staff may drop their suggestions and grievances, which are then duly taken up by the Committee for redressal. The students may also submit their grievance in the Format available on the University website ([https://iisuniv.ac.in/ student-welfare/students-grievance](https://iisuniv.ac.in/student-welfare/students-grievance)) and mail it on grievance@iisuniv.ac.in.

welfare/students-grievance) and mail it on grievance@iisuniv.ac.in.

Anti-Ragging Committee

The University has an Anti-Ragging Committee (and squad), consisting of representatives from stakeholders. It works in accordance with the directives of the Hon'ble Supreme Court of India. In order to prohibit, prevent and eliminate the scourge of ragging, the Committee functions in strict compliance with anti-ragging norms as laid down by the Apex Court. Students who ever happen to face ragging-related incidents may lodge a complaint with this Committee and also access the National Anti-Ragging Helpline No. 1800-180-5522 (Toll Free) or send an email to the anti-ragging helpline at helpline@antiragging.in for bringing the matter to public attention or report the same by visiting www.ugc.ac.in or www.antiragging.in.

Committee for Extension Activities

The innovative approach to learning at IISU is aimed at making education relevant to real-life situations, thus acting as a catalyst for social change. This is made possible through extension activities, which are organized by Departments all through the year. These activities develop a sense of responsibility among the students towards doing their bit as a part of society and establish meaningful linkages between the campus and the community. These include field trips, community and industry visits, interaction with experts, art exhibition and shows, fests, flash mobs, etc. These activities form an integral part of the curriculum which aims at providing knowledge combined with hands-on training, thus producing conscientious citizens.

Institutional Bio-Safety Committee

It is a registered and accredited committee of the Dept. of Biotechnology (DBT), Ministry of Science and Technology, Govt. of India. As per the guidelines of DBT, IBSC primarily streamlines and facilitates research dealing with genetically modified organisms (GMOs), living modified organisms (LMOs), and recombinant-DNA (rDNA) materials. IBSC is the nodal point for interaction within an organisation for implementation of the biosafety regulatory framework. An IBSC is to be constituted by every organisation engaged in research, handling, and production activities related to GMOs and each IBSC has a nominee appointed by DBT. The role of IBSCs is extremely important as it is a Statutory Committee that operates from the premises of the respective organisation.

Human Ethics Committee

A Human Ethics Committee has been constituted based on the ICMR guidelines entitled "National Ethical Guidelines for Biomedical and Health Research involving Human Participants, 2017". The aim of the Committee is to review and approve all research involving human participants in biomedical, social and behavioural science research for health. The Committee thus aims to protect the rights and safety of participants involved in clinical research.

Animal Ethics Committee

As per the norms laid down by CPCSEA (Committee for the Purpose of Control and Supervision of Experiments on Animals), Government of India, an Institutional Animal Ethics Committee (IAEC) is in place at the University to supervise and evaluate all aspects of animal care and use for purposes of experimentation and research.

IT Planning and Monitoring Committee

The IT Planning and Monitoring Committee has been constituted to develop strategies for implementing the IT infrastructure of the University. The committee plans all the IT requirements, reviews the proposals submitted for new IT infrastructure by the University Departments, and monitors the use of these resources with a view to ensuring adequate upgrading and development of these facilities by allocating sufficient funds. The Committee's Information Technology Policy ensures the appropriate use of the University's IT resources and promotes uniformity in campus procedure and practice.

Feedback Monitoring Committee

This is an integral part of the system at

IISU. Feedback about teaching and non-teaching staff, management policies, students' performance, curricula and courses, syllabi and the examination system, are some of the vital inputs which help in maintaining checks and balances and give an additional fillip to the ongoing process of improvement. Feedback at IISU is obtained from students, faculty members, alumnae, parents and other stakeholders. The feedback thus received is analyzed and the information so obtained is used for the betterment of systems and operations.

CELLS

Research Advisory Council - Research and Development Cell (RDC)

The RDC at the University is constituted as per the guidelines of the University Grants Commission (UGC). The cell is constituted for promotion, maintenance and improvement of standards of research and related activities amongst the faculty members, research scholars and students. The cell takes initiative to develop research culture in the University which is further strengthened by the generation & dissemination of knowledge, innovation and technology through inter and multidisciplinary research for the benefit of the society by mobilization of resources and funding. The different committees that work under the umbrella of R&D cell look after the finance & infrastructure; research program & policy development; collaboration and community outreach; product development, monitoring & commercialization and IPR, legal & ethical matters related to research and other related activities of the University.

Equal Opportunity Cell

As a part of its endeavour to earnestly implement the policy of equal access and opportunities to female students from all sections of society, an Equal Opportunity Cell has been set up at the University. Promoting a secular environment, it not only aims at addressing issues related to SC/ST/OBC and Minority communities but also caters to the needs of the differently-abled students. It provides a barrier-free access to them to all buildings, infrastructure and resources available at the University. The respective tutors and faculty members make sure that personal attention and special efforts are made towards their enrichment and academic growth. The Cell also ensures that such students are provided a platform to hone and showcase their talents thereby actualizing their potential.

Counselling and Career Development Cell

Started as an initiative by the Department of Psychology, the Counselling and Career Development Cell has become an invaluable part of the University. The Cell is managed by a licensed Clinical Psychologist and a trained Counsellor. It conducts mock interviews to help students prepare and plan for their careers and uses psychometric tests to provide the students with much-needed information about the various career options available to them, keeping in mind their personality, interest and aptitude profile. The Cell also offers counselling to students in an attempt to help them cope with the demands of a dynamic society and carve a niche for themselves in it. In addition, it undertakes numerous internships all year round to provide clinical psychology and counselling enthusiasts a first-hand experience in career and vocational counselling.

Intellectual Property Rights Cell

Intellectual Property Rights Cell (IPRC) at the University was setup in 2014 to deal with available and growing knowledge wealth in the University and to offer assistance in protecting innovation and the Intellectual Property. The main objective of IPR Cell under academics is

to integrate IPR with the education process to enhance the quality of thinking, propagate a culture of regard and respect for IPR, ensure speedy and accurate identification and protection of innovations arising out of the research work carried out in the university, facilitate transfer of knowledge and technology from the university to industry and enhance the scope of their commercialization. Apart from organizing various capacity building workshops/conferences on IPR, the Cell also prepares and files IPR Applications and follows-up thereafter, facilitates IPR services including outsourcing, coordinating with experts like advocates, agents etc for various IPR needs including IPR watch, oppositions, litigations etc. The Cell also offers assistance to grass-root innovators in the local area to realize the commercial benefits of their innovations.

Placement Cell

The University's Placement Cell serves as a nodal centre for employment and deployment. The office arranges a host of workshops and programmes for students' placement, campus interviews and also serves as an information centre for various career and allied services. Prestigious companies and corporate giants

regularly organize campus drives at the University in order to transform the dreams and aspirations of the youth into reality.

Some of the companies that regularly visit the IISU campus are:

- Academor
- Accenture
- Aditya Birla
- Aloha Technologies
- Amazon
- Arnav Infosoft

Training and Development Cell

This Cell not only counsels the students about various academic, professional and competitive programmes but also arranges a host of workshops and programmes for their professional grooming, such as summer trainings, campus interviews etc.

For further facilitating students' entry into the corporate world by bridging the skill-knowledge gap, the Cell has initiated a Learning and Development (LAD) programme - as an Ability Enhancement Compulsory (Foundation) Course - for its professional courses, with credits attached to it. The idea behind it is to expose students to the nuances of personality development and communication skills; entrepreneurship; personal and social media branding;

resume-building, group discussion and personal interview; presentation skills; public speaking and business etiquette; conflict and stress management; and, team-work and leadership, in an effort to making them better employable and more job-ready.

IIS-TIE (Together International Exposure)

An "International Cell" of the University is formed to facilitate international exposure and global experience to the students as well as the faculty members. The objective is in line with the NEP 2020-mandate to provide opportunities by setting up international standards, building international partnerships, arranging scholarships and funds, and enabling different international programs for all. There is a single window support service on offer to all overseas students through its International Office. It is a one-stop facility which caters to all the needs and requirements of admission, including career counselling, orientation to the University, assistance for adjusting in a new academic environment, familiarity with resource availability, etc. to make their stay and study on campus easier and successful. It also enables them to accustom themselves to the institution as well as the city especially with regard to culture and language. Teachers and students are

appointed as mentors to facilitate a smooth adjustment process and address other general concerns, if any. On-the-spot admissions are granted to overseas students, subject to the verification of their eligibility- qualifications by the AIU or the University's Equivalence Committee.

For the local students, this cell provides opportunities in terms of academic trips abroad, short term summer school programmes, admissions to UG/PG courses at foreign universities by facilitating ease of admission, scholarships, funds, visa-assistance, stay-arrangements, etc.

Internal Quality Assurance Cell (IQAC)

The University has an IQAC which has been set up under the guidelines of the NAAC- UGC to regularly monitor the performance indicators, the evaluation system and the assessment pattern of the institution, as a step towards quality control and enhancement. The IQAC works towards realizing the goals of quality-enhancement and sustenance in higher education.

CENTRES

Centre for Women's Studies

The University has a vibrant Centre for Women's Studies which works towards

generating awareness and disseminating knowledge related to women's issues by way of educational training programmes and extension activities in and around the University campus. In addition to women's issues, the Centre also offers Foundation, Degree, Post Graduate and Research Programmes in Women's Studies.

The activity wing of the Centre is called 'Women's Cell' which engages with both students and faculty members to help them comprehend the various issues pertaining to women. It organizes seminars, health camps, guest lectures and exhibitions, to create awareness of such matters including women's rights. The Cell collaborates with all Departments for greater outreach as well as to strengthen women collectively and boost their confidence.

Centre for Innovations in Science Teaching

This has been additionally developed by the University to inculcate in students an interest in science and scientific pursuits; disseminate scientific knowledge; inculcate a scientific attitude; and, develop scientific temper. The focus is on motivating students to understand the real-life application of various scientific concepts by making models and conducting experiments in what are called "tinkering labs". It has set up an "Innovation Hub" as well at our sister institution, viz. India International School, Kshipra path, Mansarovar, Jaipur.

Centre for Research, Innovation and Training

The Centre for Research, Innovation and Training (CRIT) has been established with a vision to collaborate with the industry and other organizations to undertake cross-functional research and development while developing a symbolic setup leveraging competencies of both industry and academia for societal development. CRIT aims to provide an enabling environment for continuous development and growth of faculty and students for transforming them into real propositions through research, incubation and Industry-Institute- Interaction leading to development of futuristic and commercially viable technologies and businesses. The Centre organises seminars and workshops on Research Methodology (RM) and techniques needed for research in different areas. It also conducts classes on RM and Research Ethics for students in the Ph.D. Coursework programme.

Centre for 'Swachha Bharat-Swastha Bharat'

A Centre for Swachha Bharat- Swastha Bharat has been established by the University to disseminate the main ideals of healthy living through the 4Cs (Clean Mind, Clean Body, Clean Environment and Clean Society). The Centre focusses on the individual-moralistic paradigm of cleanliness, i.e. the steps to be taken at the micro or individual level for the development of a clean, sustainable and healthy society.

Among the activities that are carried out under the auspices of the Centre is a Swachha Bharat Summer Internship. The objective of the Internship programme, related to health and cleanliness, is to sensitize the students to the community's needs and to educate them about hygiene and sanitation. It will enable them to act as change agents thereby contributing to the sustainable development of the society. The duration of the internship is 100 hours over a period of 15 days, during the

summer vacation. The students are required to work with one or more villages, adopted by the University, and conduct activities related to rural sanitation therein. This will help them earn two credits after the successful completion of the Internship.

Centre for Nano-Science and Nano-Technology

The Centre for Nano Science and Nano Technology has been established at the University with an aim to provide multidisciplinary skill based education to the students in order for them to participate in the development, design, characteristics and application of nanomaterials. It runs the below approved programs which aims to make students industry ready and are helpful in opening job opportunities in the field of lubrications, environmental observing, sensors and controls, food science, forensics, military and national security, energy generations and storage, electronic industries, material science including textiles, polymers, packaging, auto and aerospace industries, sporting goods, biotechnology, drug delivery and other medical fields. The students may apply for opportunities such as nanotechnologists, scientists in prestigious institutes and research centers around the world after completion of these programs.

Centre for Indian Knowledge Systems

The Centre for Indian Knowledge Systems has been established in the University with the aim to promote Indian Knowledge Systems among staff and students of the University. The centre shall strive to disseminate knowledge pertaining to Indian heritage and culture at all levels of teaching-learning and administration of the University. Since IKS is not a separate branch of study but an inherent part of every subject, therefore all the departments, committees, clubs and cells of the University are encouraged through the Centre to incorporate IKS elements in their objectives and functioning.

Centre for Forensic Science Studies

The Centre for Forensic Science has been established by the University that runs a three year degree program in B.Sc. Honors in Forensic Science under Choice based credit pattern. The Centre aims at providing scientific skill and knowledge of the subject to the students that will provide them career opportunities in government agencies as well as in pharmaceutical, food and chemical industries. Through this program students will learn scientific methods in crime detection including legal matters, drug chemistry and others; the program

also offers wide scope in research, analysis and academics.

IIS-IIC (INSTITUTION'S INNOVATION COUNCIL)

The Ministry of Human Resource Development (MHRD), (now Ministry of Education), Govt. of India has established 'MHRD's Innovation Cell (MIC)' to systematically foster the culture of Innovation amongst all Higher Education Institutions (HEIs). The primary mandate of MIC is to encourage, inspire and nurture young students by supporting them to work with new ideas and transform them into prototypes while they are informative years.

MIC has envisioned encouraging creation of 'Institution's Innovation Council (IICs)' across selected HEIs. A network of these IICs is established to promote innovation in the Institution through multitudinous modes leading to an innovation promotion eco-system in the campuses.

STUDENT-SUPPORT INITIATIVES

'Earn While You Learn' Scheme

The University encourages its students to take up part-time assignments over and above their classes - with honorarium - under this scheme. Aimed at developing student-potential as valuable human resource, it helps them understand the dignity of labour, gives them hands-on experience and face various work-related issues, beyond the classroom.

Envision. Emphasise. Enlighten.

Scholarships, Endowments and Memorial Awards

The University awards a cash prize to all its merit position holders besides a Certificate of Appreciation, and also offers financial aids in the form of Freeships (based on merit cum need), Scholarships and Fellowships along with Endowment Awards to incentivize and encourage the students to achieve highest academic excellence. It has also instituted the following awards to recognise the outstanding academic and extra-curricular performance of its achievers. These have been sponsored by members of the Management and other professionals in their pursuit to further the cause of excellence in education.

Remedial and Revision Classes

Remedial classes are held for the academically challenged students of the University as well as for those who fail to

secure a minimum required attendance in the regular class schedule. These classes give an opportunity to students with genuine issues to make up for the academic loss. Revision classes, too, act as a safety net enabling the students to comprehend the basics in their subject(s).

Centre for Preparatory Classes

The University offers students an opportunity for preparation towards:

- **Civil Services along with Graduation** through regular preparatory classes for the Civil Services wherein highly experienced faculty and subject experts mentor the students one-on-one through interactive sessions. A complete 3-year integrated course alongside graduation is provided to the students so that they are simultaneously prepared to confidently clear the premier exam of the country. All-India toppers are invited for motivational talks, inspirational interactions and sharing of their success mantras as a special privilege provided only for the students of our University! The methodology adopted in these classes hones the analytical skills and linguistic competence of the aspirants besides providing in-depth knowledge of varied subjects required for cracking these exams.
- **National Eligibility Test (NET)** which is an examination for determining the eligibility for the post of Assistant Professor and/or Junior Research Fellowship Awarded in Indian Universities and Colleges. The preparation for the post graduate students and research scholars of the University is conducted in both, paper I as well as paper II by experts and highly experienced faculties in the respective subjects.

Certified Management Accountant (USCMA)

The University, in collaboration with International Skill Development Corporation (ISDC), offers the USCMA as two years parallel programme through regular preparatory classes. Highly experienced faculty members, subject experts and professionals from the field mentor and prepare the students to acquire this professional certification. Further, the academic calendar is designed so as to accommodate the CMA examination schedule.

The Certified Management Accountant (CMA) is a professional certification in Management Accounting awarded by the Institute of Management

Accountants (IMA), US. This certificate is advanced-level credential and globally recognized appropriate for accountants and finance professionals in business. Achieving CMA helps students gain professional expertise in financial planning, analysis, control, decision making, and professional ethics. Opportunities in India for US CMA are with multinational companies including Banks and Financial Services, Consulting, IT, Retail, Pharma, Manufacturing basically any US based MNC in India.

Mentor-Mentee System

This is an innovative feature of the University's wherein each student is assigned a faculty member as a Mentor on campus who assists the student to maximize her learning experience and provides support for her academic

progress as well as her overall development, in consultation with the subject teacher(s).

The system thus benefits the students by:

- facilitating a healthy interaction between faculty members and students as well as among the students themselves
- recognising the latent talent of students
- counselling to combat the problem of absenteeism and stress (counselling to combat both academic and non-academic problems)
- ensuring maximum participation in co-curricular activities
- reducing the feeling of depersonalisation in them

Parent-Teacher Forum

The Forum provides a platform for interaction between parents and teachers on vital issues like the need for new courses, improvement in the existing programmes, augmentation of infrastructure- related facilities, addressing students' problems, eliciting feedback and for seeking parents' support for various University activities. The University thus invites their valuable suggestions and seeks feedback on different issues from time to time. A direct rapport with the parents is also maintained through letters of attendance and progress, invitations to functions and intimation regarding meetings of the forum. Its aim is to initiate a better understanding amongst parents, teachers and students, creating there by an environment of harmony, goodwill, trust and faith.

MORE THAN JUST ACADEMICS

Self- exploration leads to self-improvement. Keeping in mind the diverse perspectives of today's world and an overall development of the students, the University has introduced various Guilds based on the essentials of personality development and individual excellence. The concept emerged as a result of an introspection by the University administration and realising the need for providing opportunities to the students to bring forth, foster and enhance their latent talent. The aim is not to create a self- engrossed individual but to develop in her a spirit of team work and respect for the abilities of fellow students. The focus of the exercise is thus to help optimize the potential of each student.

The IISU has successfully set up the following Guilds, Societies, Clubs and Associations for fostering creativity and

inculcating a sense of service in students:

GUILDS

○ Fine Arts

The Department of Fine Arts is a blend of infinite artistry and hard work. It plays an important role in refining the creative skills of the aspirants in a diverse range of innovative and creative techniques such as ceramic painting, murals, stain-glass painting, sculpture and others. The Department constantly encourages the students and researchers to participate in workshops, seminars, conferences and other co-curricular activities. The myriad efforts of faculty members have helped the students to win laurels at National events and at the State & Inter-Collegiate level.

○ Cultural Activities

The Guild offers a variety of extracurricular activities to round out the developing potential of students over the years. Under its aegis, students are encouraged to discover their interests and play to their strengths. They are exposed to the melody of the music world and its nuances, as well as dance in its various mudras. Students are able to realize their creative potential and are prepared to participate in college-level cultural events, as well as inter-college performances and competitions.

○ Home Management

This guild has been created to inculcate in students, the talent of preserving, protecting, and maintaining a good home. Lectures, demonstrations, and workshops on various topics related to home management as well as interior space designing are held and eminent persons of the concerned field are invited.

○ Fashion & Textiles

The fashion design guild is designed to provide students with the education and experience necessary for a professional career in fashion designing. The program of study is designed to introduce the students to a broad spectrum of industry, from fashion designing, pattern making, jewellery making, figure sketching, merchandising, marketing, and garment production.

SOCIETIES

- **Literary and Debating Society : Ellipsis**

Germinate.
Grow.
Bloom.

It represents the literary and debating talents of the University and seeks to establish connectivity among students through activities and discussions that are held on a monthly basis which include group discussions, JAM sessions and debates. The Society also hosts the Annual All India IISU Debate witnessing pan-India participation. The guild thus hones students' communication skills and helps them learn the intricacies of public speaking.

○ **The IISU Theatrical Society**

It was established with a view to acquainting students with the finer nuances of theatre and drama. The society organizes lectures, demonstrations by eminent theatre personalities, study tours and conducts drama workshops focusing on different facets of theatre. The activities undertaken include street plays, stage plays and a lot of competitions related to theatre, including the biggest annual event of the Society, the Annual Play. The Society has been a very vibrant place for the students to explore their acting, directing and writing skills.

○ **SPIC MACAY**

Society for the Promotion of Indian Classical Music And Culture Amongst Youth is a non-political, nationwide, voluntary movement founded in 1977 by Dr. Kiran Seth, Professor-Emeritus at IIT-Delhi who was awarded the 'Padma Shri' for his contribution to the arts in 2009. Its intention is to enrich the quality of formal education by increasing awareness about different aspects and values of Indian heritage and inspiring the youth through experiencing the mysticism embodied in the rich and heterogeneous cultural tapestry of Indian and World Heritage. Its contribution to youth development through programs teaching art in schools and colleges actively influence the youth's way of life and thinking and inspire one to become a better human being.

CLUBS

○ **ROTARACT CLUB**

This is the largest Rotaract Club in the world. It is a member of Rotary International and a part of an international network of over 5,000 Rotaract Clubs. Membership of this Club is gratis and open for all, and is

offered to the students at the time of admission to the University.

○ **IISU NATIONAL DIGITAL LIBRARY OF INDIA (NDLI) CLUB**

The National Digital Library (NDL) is an all-digital library that integrates all existing digitized and digital content across the country's institutions to provide a single-window access with e-learning facility to different groups of users ranging from primary level to higher education and for life-long learners as well. The NDLI has recently launched a club, by the name of 'IISU NDLI Club', on campus to promote the culture of reading among students; to increase user-awareness with respect to the e-resources available in NDL; to provide a single window access to e-resources; and, to disseminate knowledge.

○ **GENDER CHAMPION CLUB**

As per UGC guidelines, the University has set up a Gender Champion Club on campus which is accessible to students from all Departments. As members, students have the opportunity to actively contribute to the process of gender sensitization both in their personal sphere of action as well as in the public domain. Since gender is all-pervasive, the setting up of the Club by the University helps students towards accepting and respecting diversity.

○ **LENS-CRAFT CLUB**

The photography and Cinematography Club aims at providing a platform for students who want to learn and develop the

skills of photography and cinematography by organizing various workshops, field visits and guest lectures. The member photographers and cinematographers cover various event organized by the university. In order to develop the skill of photography and cinematography, the club also organizes workshops and guest lectures regularly. The club collaborates with professional and external agencies to provide field exposure to the students.

○ **THE IIS ECONOMICS SOCIETY**

The IIS Economics Society has been created for the students of the IIS (Deemed to be) University, with the motive of encouraging the development of economic thought and ideas beyond the classroom. Encompassing all students of the Department of Economics, the Society aims at facilitating information exchange concerning work in the field of economics through increasing networking among the students. The society also organizes activities to help in the enhancement of soft skills for the students. Students are provided opportunities for keeping abreast of development in the field of economics and measures are taken to help students boost their self-esteem and showcase their keen interest in economics.

ASSOCIATIONS

○ **Eco-Friendly Association**

The eco-friendly association was constituted in the year 2005. The association works in the field of environmental conservation and

awareness. The major roles & functions of the association include the organization of various campaigns like- Save Energy, Clean Campus, tree plantation etc, in the campus as well as beyond the campus. In order to create awareness among students regarding conservation of Environment, popular lectures and training programmes are organized on the campus. The association also organizes educational tours to national parks, sanctuaries and research organizations to help students understand the significance of nature and inculcate research aptitude.

○ IISU Chemical Association

The IISU Chemical Association was set up in 1999 for the enrichment of science faculty students. The association emphasized the need to promote excellence and quality in higher education by introducing innovative teaching methods. The association has implemented several beneficial practices in the university to enrich the students' experience. The main objectives of the association include fostering research aptitude among students and developing their skills and competence to encourage scientific activity. Furthermore, the Chemical Association publishes an in-house magazine called Science Spectrum to increase awareness and creative expression. The association also provides training in various analytical tools and techniques. Over the years, the IISU Chemical Association has conducted a variety of webinars, guest lectures, competitions, and industrial visits.

CII-YI YUVA IISU CHAUPAL

Young Indians (YI), a constituent of the Confederation of Indian Industry (CII), was formed with an objective of creating a platform for young Indians to realize the dream of a developed nation. Yi Yuva is the new name for one of Young Indians' vertical entitled 'Youth Affairs' which grooms students by forming Chaupals across various institutions from all over the country.

NATIONAL SERVICE SCHEME

The University has four full-fledged NSS units, sponsored by the Government of India, out of which one is financed by the University. The NSS is a voluntary organization open to students from all faculties. The concept behind this voluntary service is to orient the youth to community service and develop their social conscience by way of outreach and

extension activities; the motto being, "Not me, but you". The main aim of this scheme is service through education and personality development through service. The NSS thus develops social ethics, besides inculcating such human values as sincerity, honesty, compassion, etc.

NATIONAL CADET CORPS

In 2001, the university established NCC with a motto of 'Unity and Discipline' to motivate young girls to serve selflessly. Under the Self-Financing scheme of 1 RAJ AIR SQN NCC, JAIPUR, the University runs a Half Troop of Air Wing (50 Cadets) since 2007. NCC aims to develop character, courage, discipline, brotherhood, secular outlook, spirit of adventure and leadership capabilities in the cadet's concern. It provides open entry in Army Wing and Naval Wing. The duration of the NCC training programme is 3 years during which the Cadets get basic Military training.

GAMES AND SPORTS

The University has an active Physical Education Department extending games and sports facilities, with specialization in Basketball, Volleyball, Table Tennis, Chess, Cricket and Swimming. The students participate and win accolades in various inter- university tournaments, both at the state as well as the national level.

A Sports Board has been constituted to create sports consciousness and general awareness of the need and importance of games and sports in a student's life. It not only plans and promotes all round development but also encourages sportsmanship by organising inter-collegiate and inter-university competitions, championships and tournaments at the State, National and International levels.

STUDY TOURS & EXCURSIONS

The University organises and encourages frequent study tours and excursions, both in India and abroad, as a part of the learning process. Students are duly notified through notices and web-postings which provide the details regarding the trips and tours. Parents are required to seek all relevant information about these from the University authorities and faculty members in the department before allowing their wards to proceed/register for the same.

CO-CURRICULAR ACTIVITIES

Conferences, Seminars and Workshops constitute an integral part of the teaching- learning fabric at the University which go a long way in

exposing students to the latest research and developments in their respective fields of study. These are further supplemented by field trips and industry visits.

IISU fosters an invigorating community that encourages everyone to explore their talent, passion and exploit their potential by providing an exceptional integrated learning environment. The student at IISU must opt for any one of the co-curricular features offered by the university (viz. NSS, NCC, Sports and Cultural Activities) in the first year. These activities are linked with academics and enable the students to earn 2 credits per semester upon successful completion of the activity in the first year. It is mandatory for all students to earn at least 4 credits in the first year. In the absence of the same, the degree will not be awarded. Thereafter, the students may earn additional credits by their continued participation in these programmes.

EXTRA-CURRICULAR ACTIVITIES

There is a plethora of other activities on campus which give an opportunity to the students to hone their creative skills and further enrich themselves. Participation in these activities develops team spirit and raises their level of self-confidence in interacting with fellow students and peers. From folk and classical to modern dance forms and enchanting musical performances, there is something for everyone. A number of intra and inter-university competitions such as Mehandi, Rangoli, Painting, Poem Recitation, Debates, Short Plays, Singing, Dancing, etc. are organised regularly to keep the campus alive and vibrant throughout the year.

Some of the annual events at IISU include:

- Orientation Programme - 'Deekshaarambh'

STUDENTS' WELFARE & CAMPUS ACTIVITIES

The University is committed to adopting measures that ensure students' economic, physical and social well-being. There are policies in place towards personal accident insurance, freeships, scholarships and free uniforms, among others.

The University has also introduced various extracurricular and cultural activities based on the essentials of students' personality development and individual excellence. These activities provide opportunities to the students to bring forth and enhance their varied abilities. Moreover, the integration of activities with academics enables the students to earn credits.

STUDENTS' COUNCIL

The Students' Council of the University is a representative body, nominated by the Management, which works with a focus on an all-round development of the students by organizing several events through the year. It is also actively involved in co-ordinating the participation of students in inter- and intra-University competitions. An important responsibility of the Council Members is their role in streamlining student volunteer effort for the University's events that are organized periodically. The Council is headed by UG and PG Head Girls who, in close association with other student members, work under the able leadership of faculty members who are part of the Student Welfare body.

WEBSITE

The University's website www.iisuniv.ac.in provides all pertinent information regarding programmes, activities and happenings on and off campus through Notices and Announcements. Credit templates and syllabi of all courses offered by the University are also regularly uploaded on the website. All rules and regulations related to examinations and other relevant information to be posted on a regular basis.

DISCIPLINE

Any student failing to abide by the rules and regulations of the University may attract disciplinary action against her. The offence could include insubordination, willful neglect of classes, damage to University property, truancy or any other act which may be

construed as an act of indiscipline by the University authorities. The students are not allowed to carry and use mobile phones in the classrooms and labs. This must be strictly followed, failing which the phones may be confiscated and the holder may be penalized with a heavy fine.

DRESS CODE

- Students are expected to come dressed appropriately, in keeping with classroom etiquette and decorum. Formal dress code is expected to be adhered to while making presentations, delivering seminars, attending guest lectures and during special occasions on campus.
- Students pursuing professional courses, such as B.A. (JMC), M.A. (JMC), BBA, BCA, B.A. B.Ed., B.Sc. B.Ed. and MBA (Semester and Trimester schemes), have a defined dress code which is a pair of black trousers with a prescribed shirt and a blazer. For those pursuing BPT/ MPT, the uniform comprises a lab coat, a pair of scrubs and t-shirt with trousers.
- Though there is no uniform for students of other programmes, they are expected to wear decent dresses like salwar suits, jeans and t-shirts. Tube tops, spaghetti tops and

backless dresses are not permitted.

- The blue University polo shirts (T-shirts), given to students at the time of admission, should be worn every Saturday. However, a variety of different coloured T-shirts are required to be worn by students belonging to different programmes and those participating in events on campus. Student office-bearers, on the other hand, are expected to wear an orange T-shirt every Wednesday and at the time of University functions.

ICG-IISU ALUMNAE ASSOCIATION-BANDHAN

'Bandhan', the Alumnae Association of the University was formed when the first batch of ICG, now IIS (deemed to be University), graduated. It has recently been registered under the Companies Act, 2013 (Regn. Short Term Courses

Apart from regular programmes, IISU offers Short Term Crash Courses in the following subjects for students who wish to improve, enhance and develop skills in their areas of interest. The commencement of these courses shall be announced during the course of the session.

ST09 Cyber Security and Cyber Law

A three month online course on Cyber Security and Cyber Law is designed with a view to enable students to learn about how to protect computer operating systems, mobile networks, and data from cyber-attacks. The

curriculum focuses on creating awareness and developing skills, about cyber security tools and methods along with a cognizance about security laws in the area. This course is ideal for learners who have a keen interest in Networking and Cyber Security.

ST10 Disaster Risk Reduction and Management

A six month credit-based course on Disaster Risk Reduction and Management is on offer introduced by the Discipline of Environmental Science. This course is open for all the undergraduate students of the university. The objective of this course is to train the students on the issues related to Disaster Management. The proposed curriculum includes elements of disaster related issues and will help to build knowledge, skills and capacity of the young generation towards disaster risk reduction and management. The course will help to develop positive attitude among students towards

practical response to different stages of disaster management by adopting sustainable development.

ST11 Certificate Course in Textile Design

A six month certificate course in Textile Design is on offer by the discipline of Fashion and Technology. The course aims to broaden knowledge of students towards material exploration and experimentation. The curriculum is designed to focus on a wide range of textile processes including weaving, dyeing, printing, pattern and surface design along with training students on how to use the software for making designs. The students will have hands-on experience through industry oriented learning, which will help them to acquire technical and conceptual skills to create products. The course will inculcate creative thinking, professional skills, and enhance greater flexibility in their career.

NEP-compliant Curricula

The syllabus at the University is designed in accordance with the provisions of NEP 2020 which envisions the development of all capacities of human beings, viz. intellectual, aesthetic, social, physical and moral in an integrated manner. The University has embraced the same whole-heartedly by emphasising key performance indicators which include a choice-based, flexible curricular structure (CBCS) offering a wide pool of subjects to choose from; credit-based courses, projects, ability enhancement and value-added courses, as part of a multidisciplinary education; adoption of an Academic Bank of Credits for digitally storing the academic credits earned by the student; and, implementation of three/four year UG degree programmes having multiple entry/exit options with appropriate certifications as shown below:
