

The Embassy of Sweden organises one of India's most prestigious quiz contests annually – The Sweden-India Nobel Memorial Quiz. The quiz series is part of the Sweden India Nobel Memorial Week – now in its tenth year.

On behalf of the Embassy of Sweden, Xpress Minds Edutainment is proud to conduct this year's Nobel Memorial Quiz 2016! Last year the quiz was conducted in 10 cities; this year it will be conducted across 11 cities in India.

The broad theme of the quiz is Alfred Nobel, the Nobel Prize, Nobel Laureates, innovations and inventions of Swedish people and Sweden in general. Members of the winning team get to go for a week-long visit to Sweden where they will visit Swedish companies, universities and the Nobel Museum.

The quiz is open to all Indian students currently enrolled at a college/university in India. Students are required to form teams of 3 members each in order to participate. All members of a team must be from the same institution.

Every team must participate only in the city where its institution is based. For example, a team from a college in Bangalore cannot participate in the New Delhi round of the quiz. In case you have any queries regarding your city of participation, please contact ujjal@xpressminds.com

No student or team can participate in more than one quiz in this series. In case such a case comes to light after the Quizzes are completed, but before the Quiz Finals are held, then such team(s) shall be disqualified regardless of how many students in those teams participated more than once.

The quiz will comprise a preliminary written round which will be followed by an on-stage finale (total time: approx 3 hrs). The quiz will be conducted by author- quizmasters Kunal Savarkar and Seema Chari.

Oops. No. you are representing your college. You will also have to show ID proof. If the organisers suspect misrepresentation, you could be disqualified, so please do respect the rules.

How are ties resolved in the written round?

The written round comprises 25 questions. There are no negative points, each correct answer normally gets 1 point. In case of a tie, performance on the 5 (*) marked questions will be taken into account. In case there is still a tie, then 'sudden death rules will be followed. This means the first team to answer a question incorrectly in the set of 25 preliminary questions will be eliminated. If there is still a tie, then a tiebreaker will be conducted on the buzzer on stage.

Is there a cap on the number of teams from an institution who can qualify for the city final?

The rules state that only one team from one institution can qualify for the City Final. The only exception is if the second placed team is also from the same Institution. In such a case both teams (up to a maximum of three) will be allowed to qualify for the final. This rule does not apply if a team is placed third in the written prelim.
